OUR 4 ESSENTIAL STEPS

Secure Pick up

01

We guarantee a safe and secure pickup point to curb our the possibility of absconding or harm. Our trained team employs dynamic risk assessment to eliminate environmental risks.

Appropriate Staffing ratio

02

Our management team ensures sufficient staff for each transport service to enhance safety and address any challenges that may arise during the journey.

Effective Documentation

03

We uphold confidentiality and meticulously document every aspect of our operation, enabling us to provide precise information when needed.

Safe and Secured Drop off

04

Similarly to our initial step, we ensure a secure drop-off location, making sure that all pertinent information is conveyed during this step

HOW WE ACHIEVE OUR GOALS

EFFECTIVE PLANNING

- We maintain checkpoints nationwide for prompt response.
- We operate a fleet of vehicles to provide customised services.
- Our cars are equipped with safety features like fire extinguishers and first aid kits.
- We prioritise consistent communication throughout our operations.

EXPERT TEAM

- Advance Team- Teach certified
- Emergency First Aid Certified
- Advance de-escalation techniques
- Experience in risk assessment and management
- Our team diligently maintains comprehensive documentation to ensure accurate information.

SAFETY MEASURES

- All our vehicles undergo routine maintenance checks and regular inspections to ensure safety.
- Upon request and with authorisation, we are equipped to utilise both handcuffs and soft cuffs as necessary.
- We carefully evaluate all risk factors and utilise an appropriate staffing ratio to mitigate potential risks during travel. Maintaining a safe environment for our clients.
